CFISD Principles of Health Science Scope and Sequence

Course Description

This course is designed for students interested in medical and associated health careers. It gives an overview of the therapeutic, diagnostic, environmental, and informational systems of the healthcare industry. Topics include career requirements, medical history, trends in financing health care, ethical and legal responsibilities, human anatomy and physiology as related to the healthcare profession, client care, safety, first aid, and CPR. This course prepares the student for the transition to clinical and/or work-based experiences available in the advanced health science courses. (1 credit)

- This course satisfies the health credit required for graduation.
- Grade level 9-11
- Lab supplies or fees may be required.

TEKS: https://tea.texas.gov/sites/default/files/ch127i.pdf

OR https://tea.texas.gov/academics/curriculum-standards/teks/texas-essential-knowledge-and-skills

Cluster: Health Science

Endorsement: Public Services

- Meets advanced course requirement (Y/N): N
- Meets foundation requirement for math, science, fine arts, English (Y/N-area): N

Industry Certification/Credentials: American Heart Association - Heartsaver CPR/AED and First Aid

1st Semester:							
_	History	, of Madiaina		Days			
Α.	•	of Medicine					
	0	Research and Analysis in Health Science	TEKS c (2) E & M	10 days			
В.	B. Cultural Diversity						
	0	Research and Analysis in Health Science	TEKS c (2) P, Q	5 days			
	0	Individual Rights & Choices	TEKS c (10) C & E				
	O	marvidual Rights & Choices	12K3 C (10) C & L				
c.	C. Personal Qualities of a Healthcare Worker
