A time-saving portal to thousands of online resources you can use to explore children's and young adult books and their authors. Provides access to useful materials and exciting programs (short movies, audio book readings, book discussion guides, and more) that add a multimedia dimension to reading in the classroom, library, and home,

To access databases, login to ClassLink (my.cfid.net) using s+your student ID # and your network password, click on the "Library Resources" folder, then "Destiny Discoverer".

Why use a database instead of Google?

1. Reliable information- contrary to popular belief, not everything on the internet is true.
2. Articles are written by experts and journalists.
3. Easy to access! Information is just a few clicks away.
4. Citations are done for you-just copy and paste!!
5. Links to Google Drive with one click. Save articles in an instant, share with others, or email.
6. Listen to the articles while you read along.
