CFISD Interior Design I

Scope and Sequence

Course Description:

This technical course provides students the opportunity to acquire knowledge and skills related to interior and exterior environments. This course provides instruction in the basic principles and elements of design and construction including the use of color, textiles, furniture, wall, window and floor coverings, space planning, and lighting in residential and non-residential environments. Students will investigate and prepare for career opportunities in construction, housing and interior design related fields. (1 credit)

- ♦ Grades 10-12
- Recommended prerequisite: Principles of Architecture and Construction
- ♦ Lab supplies or fee may be required.

TEKS

Program of Study: Interior Design Cluster: Architecture & Construction Endorsement: Business & Industry

- Meets advanced course requirement (Y/N): N
- Meets foundation requirement for math, science, fine arts, English, LOTE (Y/N-area): N

Industry Certification/Credentials: n/a

Instructional Units	Pacing
1 st Semester	Grading Period 1
UNIT 1	_
Factors influencing the housing industry -Ch. 2	
Decision making in housing -Ch.3	
Environmental issues affecting housing -Ch.4	
Housing Styles -Ch. 5	
Housing construction -Ch. 9	Grading Period 2
UNIT 2	
Effective management practices related to housing budget- Ch. 23	
Practices that create a safe, secure, & well-maintained home Ch. 24	
Reading Architectural Plans -Ch. 6	
Methods to create quality living environments	
(space planning) -Ch. 7-8	
Elements & principles of design -Ch. 14-16	Grading Period 3
2 nd Semester	Grading Period 5
UNIT 3 Background materials (flooring, wall treatments, ceilings) -Ch.19-20	
Role of furniture and Accessories -Ch. 21-22	
Lighting -Ch. 11	
Appliances -Ch. 12	
	Grading Period 4
UNIT 4	
Drafting fundamentals -Ch. 18	
Concepts & skills of the industry to simulate work situations (CAD)	
Concepts & skills of the profession (Cumulative Design Project) -Ch. 17	
Professionalism/employability skills -Ch.26-28
